

The Bluetones BBC Radio Sessions

Released 26th February 2007

The Bluetones. On the radio. On CD.

This new collection is like a Best Of from the many BBC radio sessions over the years starting with their debut on John Peel in 1994 through to the Evening Session in 2000. The boys have deliberated and debated over what to include on the album and have narrowed it down to 13 tracks. Mark has written some sleevenotes and the booklet includes Scott's photography.

The album includes 'Slight Return', 'If...', 'Solomon Bites The Worm' and an exclusive cover of the Webb Brothers' 'I'm Over And I Know It', which isn't available anywhere else.

Here's the full tracklist...

1. Slight Return (BBC John Peel Session 1994)
2. Talking To Clarry (BBC John Peel Session 1994)
3. Glad To See Y' Back Again? (BBC Evening Session 1995)
